**Rules:** **Fourball (rule 31):**  
Side is represented by two players. Each player plays own ball. Score for hole is better (or selected) score of the side. Both partners need not be present. An absent player may join side between holes, but not during play of a hole. Balls belonging to the same side may be played in the order the side considers best. If player make a stroke at a wrong ball he incurs penalty of two strokes, and must correct mistake. His partner incurs no penalty, even if the wrong ball belongs to him.

**Foursome( rule 29):**  
Players compete in teams of two, using only one ball per team, and taking alternate shots until the hole is completed. Team members take turns in teeing off on each hole, i.e. one player will take the tee shot on odd-numbered holes, and the other on even-numbered holes. Penalty strokes did not affect the order of play, i.e. Competitor plays ball from tee out of bounds, his partner must play from the same teeing ground. If the partners make stroke or strokes in incorrect order, strokes are canceled and side incurs penalty of two strokes. The side must correct the error by playing in correct order as nearly as possible as the spot from which is first played in incorrect order. If side plays from next teeing ground without correcting the error, the side is disqualified (that happens very often by „knocking-in“ very short putts“).
